## **A.M. Best Upgrades Ratings of Farmers Insurance Company of Flemington**

Dear Agency Partners,

We are very pleased to announce Farmers Insurance Company of Flemington's Financial Strength Rating (FSR) has been **upgraded** to "**A-, Excellent**" by AM Best. The rating committee recognized Flemington's strong balance sheet and consistent operating performance, which has trended favorably for many years as well as our reduction in coastal exposure and decreased vulnerability to volatility in the equity markets.

The press release from AM Best is available here: <https://www.farmersofflemington.com/news/>
